**Agistment:**

☐ Mare & Foal \$27.50/day    ☐ Single Mare \$25.30/day    ☐ Group (<5) \$20.90/day  
☐ Paddock (grass Only) \$16.50/day

Please remember that 4-6% of pregnancies will not carry to term for various reasons, many of which cannot be determined. This is a risk that horse breeders take with each pregnancy.

Unfortunately, Quipolly Equine Centre cannot guarantee that when a recipient mare will have a live foal (and consequently cannot offer refunds for recipient mares). We can guarantee that when a recipient mare leaves the centre at 45+ days, it has been managed properly and is carrying a live foal.

For these reasons Quipolly Equine Centre recommends that you take out insurance on your pregnant recipient mare at a positive 45 days pregnancy scan.
